

ORES Preparation IV

Tom Gülenman

14. Dezember 2018

Disclaimer: No guarantee for the correctness of information / explanations / sources is given.

Goals

1. Adjust crucial metrics list to match the damaging model metrics
2. Check out mail attachments
3. Research
 - Check out FAT Conference Docs
 - In what other cases than confusion matrices are those parameters explained?
 - Are there already visualizations of some of these parameters in any contexts?
 - Are there any applications, where I can filter for these parameters → visualizations or just about anything?

Questions

- **Q:** Should I ask Aaron how he would like us to work together? I'm not sure how he meant it, when he said that.

A:

- **Q:** In what situations exactly do we want to optimize the threshold in the context of user centered threshold optimization?

A:
